--

To register online: Visit <https://reg.uncg.edu/registration/> and click on Registration Instructions

To see your Degree Works: 1) Log into UNCGenie, 2) Click on the Student tab 3) Click on Student Records 4) Click on Degree Works.

Keep your advising code: If you need to make changes or drop a course after the semester has started, you will need this code.

Course Scheduling Hints

- The prerequisites for all CSC courses MUST be adhered to
- Do not attempt to take more than 3 computer science, mathematics, and science courses in a semester. Your GPA (and hence starting salary) will likely drop if you do.
- You should try not to take more than one programming intensive course in a semester. You should try not to take more than one programming project course in a semester.

Programming-intensive: 130, 230, 330, 362, 340, 490, 521, 539, 562, 567, 568, and 580.

Programming Project: 339, 340, 471, 529, 540, 567
