DATA SCIENCE, MACHINE LEARNING, AND MIXED REALITY FOR GLOBAL HEALTH CHANGES

GUEST SPEAKER: DR. JOAO RICARDO VISSOCI
FRIDAY, NOVEMBER 15TH, 2:00-3:00 PM
PETTY 136

Dr. Vissoci will address how health care technology and data science have been used to address challenges in low- and middle-income countries.

Dr. João Ricardo Vissoci is an assistant professor in the Duke School of Medicine, Department of Surgery. Prior to joining the faculty in the Dept. of Surgery, Dr. Vissoci was a post-doctoral fellow for one year at Duke Global Health Institute.
